BACKSTORY

Grace was 19 years old and had Down Syndrome. She was taken to a hospital in Oct. 2021 because of low oxygen saturation levels. After admission into the hospital, she was given three powerful, contraindicated medicines that caused her death within a week.

ILLEGAL MEDICAL CONDUCT

In addition to the drugs, a doctor wrote his own Do-Not-Resuscitate order on Grace without consent or family knowledge, ensuring no one would attempt to revive her. This is blatantly illegal.

Grace's story, unfortunately, is not rare. Similar actions occur daily across the country. Learn how to protect yourself and your loved ones.
